Labyrinth (2)

Das Eichhörnchen sucht eine Nuss und läuft nur auf den Tönen **C**, **F** und **G** bis zum Ziel. Bei den ?-Feldern musst du die richtige Abzweigung finden. Welche Nuss wird vernascht?

The maze is a 5x4 grid of musical staves. The starting point is a squirrel on the left. The path is formed by musical notes (C, F, G) on the staves. The notes are placed on the lines and spaces of the staves. The path starts at the top left and ends at the bottom right. There are question marks in boxes at the intersections of the paths. The nuts are located at the bottom of the grid.
